What to Expect During Your Stay

The following is an overview of the services we provide to our patients.

ADMISSIONS

Our admissions office is open Monday through Saturday from 9 AM to 5 PM. For your convenience, we are also available 24/7 to assist with any needs after hours. Once you are settled in your room, an Admissions Coordinator will come see you to complete all the necessary paperwork.

Please have your insurance cards, COVID-19 vaccine cards (if applicable), and any other pertinent information available.

If you are admitted outside of office hours, we will schedule a time for an Admission Coordinator to see you.

PHARMACY

Our pharmacy services are provided by a contracted, licensed pharmacy named **Specialty Rx**. They will receive a list of your medications, which will be delivered directly to our facility soon after your admission.

Unless otherwise noted by your care team, you do not need to bring your own medications; we will provide you with everything you need during your stay.

ACTIVITIES

We offer a full-service activities program seven days a week. It includes large groups, small groups, religious activities, and individual activities. A monthly calendar is distributed throughout the building and enclosed in our monthly Newsletter.

We offer evening activities such as Movie Night, Casino Party, Prize Bingo, and Musical Entertainment two nights a week. Visitors are also welcome to join. A member of our Activities Staff will see you shortly after your arrival. All patients are welcome to join in our wide variety of social activities.

Please note that participation is not mandatory, and if you prefer to read, do crosswords, or watch TV in the privacy of your room, please just let us know. Please refer to the TV channel listing included in your welcome packet.

If you have any questions or comments, please contact the Activities Team at ext. 309.

DISCHARGE PLANNING

Soon after admission, you will receive notification of your initial care plan meeting. A care plan meeting is your and your loved ones' opportunity to meet with the Interdisciplinary Team and review your goals and discharge plan.

Our Social Services team will work with you to ensure that your discharge plan meets your goals and aligns with the recommendations from your primary physician and team.

Discharge time is between 9:00 am and 11:00 am on your designated discharge date. We will do our best to assist you with planning. If alternative accommodations are needed, we can help you find a long-term care placement in an assisted living facility, or you can choose to remain at our facility with private pay options.

SOCIAL SERVICES

Our dedicated social workers are committed to being your reliable advocates and proficient discharge planners, ensuring a comprehensive approach to your care. They work tirelessly to address all your needs, coordinating every essential service and resource to support your recovery journey.
